Badlands
A post-apocalyptic adventure across the United States.
Release 0 / Serial number 100531 / Inform 7 build 5271 (I6/v6.31 lib 6/12N)

NEC8
A long and lonesome stretch of highway. You get the distinct feeling you're being watched, though
the surrounding countryside is void of life. The pavement here is cracked in places. The
weather-eaten skeletons of long abandoned cars litter the road. The sky is swarming with crows.

A mysterious man is walking down the middle of the road.

>ask man about destination
You catch the flash of white teeth as he smirks cryptically beneath his hooded jacket.

The man wanders off in the direction of NEC9, whistling a sinister tune.
